TECHNICAL SKILLS

Data & Analytics

- SQL
- T-SQL
- Power BI
- DAX
- Excel

Data Engineering

- ETL
- Data Modeling
- Star Schema
- Data Warehouse

Analysis

- EDA
- Data Cleaning
- Visualization
- Reporting

Currently Learning

- Python
- Azure
- AWS

SOFT SKILLS

- Communication
- Problem Solving
- Client Management
- Negotiation
- Stakeholder Mgmt
- Self-Motivated

LANGUAGES

- Arabic
- Native
- English
- Professional

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with a strong foundation in SQL, Power BI, and Excel, combined with 4 years of cross-functional business experience in data-rich environments. Skilled in data extraction, modeling, and visualization to drive actionable insights and support strategic decision-making.

PROJECTS

Telecom Customer Churn & Revenue Loss Dashboard

Power BI · DAX · Data Modeling

- Built an executive Power BI dashboard analyzing subscriber churn across 7,043 accounts and isolating \$2.86M in revenue loss
- Identified key churn drivers: month-to-month contracts (42.71% churn, \$1.93M lost) and 0–12 month tenure accounts (47.44% churn)
- Proved bundling 4+ add-ons slashes churn from 50.31% down to 5.29%, and electronic check payments drive \$1.57M in lost revenue

SQL Data Warehouse — End-to-End ETL & Data Modeling

SQL Server · T-SQL · ETL · Data Modeling

- Designed and implemented a full data warehouse solution using star schema methodology with fact and dimension tables
- Developed ETL pipelines to extract, transform, and load raw data into analytics-ready tables optimized for BI reporting

Advanced Exploratory Data Analysis & Business Reporting

SQL Server · T-SQL · Statistical Analysis

- Conducted structured EDA using complex SQL queries to identify numerical trends, outliers, and data quality issues; delivered actionable business reports for non-technical stakeholders.

IBM HR Analytics Dashboard

Power BI · DAX · Data Storytelling

- Designed a 4-page interactive Power BI dashboard analyzing employee attrition drivers across 1,470 records and 35 attributes
- Identified key attrition drivers including overtime workers (30.5% attrition) and early tenure employees

Executive Sales Performance Dashboards

Excel · Power Pivot · Power Query · DAX

- Delivered two executive dashboards: one tracking \$14.54M revenue across 28.7K units (pivot tables, slicers, trend charts) and one modeling \$126.29M profit at 41.1% margin using Power Query star-schema prep.

PROFESSIONAL EXPERIENCE

Freelance Real Estate Data Analyst

2025 – 2026

Self-Employed · Cairo, Egypt

- Analyzed property price and market trend data across Cairo districts, producing structured advisory reports and insights
- Built Excel KPI dashboards tracking conversion rates, pipeline status, revenue targets, and transaction activity
- Conducted comparative market analysis using historical price trends to provide data-backed valuation benchmarks
- Prepared performance summaries and reporting cadence to support data-informed decision-making

Real Estate Agent — Resale Department

2023 – 2025

Smart Step · Cairo, Egypt

- Cleaned, organized, and maintained property inventory data in Excel spreadsheets, ensuring data accuracy across 200+ listings
- Built Excel-based KPI dashboards tracking sales performance, conversion rates, average deal value, and monthly revenue targets

- Analyzed property inventory data to identify pricing trends, high-demand areas, and slow-moving listings for management decision-making
- Conducted comparative market analysis (CMA) using historical sales data to determine fair property valuations
- Prepared weekly and monthly performance reports summarizing sales pipeline, client acquisition metrics, and market insights
- Negotiated deals between buyers and sellers, leveraging data-driven pricing recommendations

Real Estate Agent — Primary Sales

2022 – 2023

MLS · Cairo, Egypt

- Managed and sold primary residential units, advising clients using market data and pricing analysis
- Tracked property availability, pricing trends, and sales performance across multiple projects using Excel
- Created weekly sales reports summarizing pipeline status, conversion rates, and revenue targets
- Built and maintained a client database, organizing lead sources and follow-up schedules

EDUCATION

Bachelor of Commerce

2018 – 2022

Helwan University — Cairo, Egypt
